

Download Manual Chevrolet Cavalier Z24

The Chevrolet Cavalier is a line of small cars produced for the model years 1982 through 2005 by Chevrolet. As a rebadged variant of General Motors' J-cars, the Cavalier was manufactured alongside the Cadillac Cimarron, Buick Skyhawk, Oldsmobile Firenza, and Pontiac J2000/2000/Sunbird at GM's South Gate Assembly and Janesville Assembly plants, achieving its highest sales in 1984. A long time favorite with just about anyone who appreciates affordability, practicality and sportiness, the 2001 Chevrolet Cavalier is designed for value-minded car buyers who appreciate a smooth ride and nice handling. All specifications, performance and fuel economy data of Chevrolet Cavalier Z24 Coupe 5-speed (97 kW / 132 PS / 130 hp), edition of the year 1987 since October 1986 for North America U.S., including acceleration times 0-60 mph, 0-100 mph, 0-100 km/h, 0-200 km/h, quarter mile time, top speed, mileage and fuel economy, power-to-weight ratio, dimensions, drag coefficient, etc. The seller has this Cavalier listed as a 1969 Chevrolet Camaro and I don't know if that's wishful thinking, a mistake, or a way to get people to click on the listing.
